

VAITHEESWARAN M

Data Analyst | Business Analyst

Chennai, Tamil Nadu

vaitheeswaran662@gmail.com | +91 9943211960

[Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Data Analyst with hands-on experience in Excel, SQL, Power BI, Tableau, and Python for data analysis, dashboard development, and business reporting. Skilled in data cleaning, KPI tracking, and data visualization to generate actionable insights. Developed multiple analytics projects including sales performance dashboards and predictive models, improving decision-making efficiency. Strong foundation in SQL querying, data transformation, and business intelligence reporting. Seeking an entry-level Data Analyst role to deliver data-driven solutions.

INTERNSHIP EXPERIENCE

Data Analyst Intern

Fortunne – German Window & Door Systems | Dec 2025 – Mar 2026

- Analyzed operational datasets (2K+ records) to support management decision-making and reporting
- Developed and maintained Excel-based MIS reports, improving reporting efficiency by ~25%
- Cleaned and validated structured datasets, ensuring 95%+ data accuracy
- Tracked KPIs and performance metrics, enabling better operational insights
- Automated recurring reports using Excel functions, reducing manual effort

Data Analyst Intern

Inditronics Private Limited | Jul 2025 – Oct 2025

- Performed data cleaning, validation, and quality checks on structured datasets (3K+ records)
- Supported data labeling and preprocessing for analytics and ML workflows
- Managed datasets for reporting and analysis, improving data reliability
- Assisted in preparing datasets for business reporting and performance tracking

PROJECTS

Airbnb Price Analysis (Python, Pandas, NumPy, Scikit-learn) - [Github](#)

- Built an end-to-end price prediction model using Python and machine learning techniques
- Performed data preprocessing and feature engineering on large datasets
- Identified key factors affecting pricing, improving prediction understanding
- Visualized pricing trends and documented model evaluation results

Retail Sales Analysis (MySQL, Excel) - [Github](#)

- Developed advanced SQL queries using JOINS, aggregations, and window functions
- Analyzed sales performance and customer profitability
- Identified top-performing products and regions, supporting business decisions
- Improved query efficiency and structured reporting outputs

Superstore Sales Dashboard (Power BI) - [Github](#)

- Designed an interactive dashboard to track sales, profit, and regional performance
- Used Power Query and DAX for data transformation and KPI calculation
- Delivered actionable insights through visual storytelling and reports
- Improved data visibility for business users

House Price Prediction (Python, Scikit-learn, Excel) - [GitHub](#)

- Built a predictive model for house pricing using regression techniques
- Collaborated on translating business requirements into analytical solutions
- Performed data validation and ensured model reliability
- Presented insights and findings through structured reports

TECHNICAL SKILLS

- **Data Analysis:** KPI Tracking, Trend Analysis, Business Insights
- **Data Operations:** Data Cleaning, Validation, Data Quality Checks
- **Tools:** Excel (Pivot Tables, VLOOKUP, Advanced Functions)
- **Database:** MySQL (JOINS, Subqueries, Window Functions)
- **Visualization:** Power BI, Tableau
- **Programming:** Python (Pandas, NumPy, Scikit-learn for data analysis & preprocessing)

CERTIFICATIONS

- Master in Data Science & Analytics with AI – IT Vedant (Mar 2025)
- IBM: Data Analysis with Python, Python for Data Science & ML
- IT Vedant: Advanced Excel, MySQL, Power BI, Tableau, Python

EDUCATION

Bachelor of Science (Chemistry)
The American College, Madurai – 2024
